

# February SAMPE and ASME Meeting

Tuesday, February 10

**PLACE:** Romano's Macaroni Grill, 2100 Louisiana blvd, Albuquerque, NM

**TIME:** 6:00 pm social time, 6:30 pm dinner, 7:30 pm speaker

**Title:** The Airtech Advantage

**SPEAKER:** Tom Doty, Account Manager, will be presenting an overview of Airtech International. Tom's background includes over 30 years experience in composites manufacture, including 20 years at Cessna Aircraft, 5 years at Vought Aircraft and just over 15 years at Airtech International. Experience includes manufacturing, tooling, produceability engineering, manufacturing engineering, program management and sales.

**Abstract:** Airtech International is the leading manufacturer and supplier of high quality composite processing materials. Airtech International manufactures vacuum bagging products and composite tooling materials for conventional lay up and resin infusion. Products include Bagging films, Release Films, Sealant Tapes, Peel-Plies, Breathers/Bleeders, Pressure Sensitive Tapes, Release Agents, Vac-Valves, Hoses, Rubber Products, Tooling Prepreg, Toolmaster Tooling Resins Products, and Resin Infusion Auxiliary Materials. Airtech services all industries worldwide from 5 locations. Some of the recent developments include high elongation, low humidity resistant bagging films, lower cost and more permeable release films, and breathers with improved volatile removal when curing at elevated pressures and temperatures. Other topics that will be discussed is the recent developments of kitting of materials to support "Reduced Touch Labor" and enable the vacuum bagging of very large components with improved methods, improved quality and reduced labor.

**COST:** Cost is on an individual basis.

**MENU:** You may select from the menu.

Please contact Merry Tidwell at (505) 845-1376 (voice mail) or [mtidwel@sandia.gov](mailto:mtidwel@sandia.gov) to make your reservations. Reservations must be made no later than 10 am on Tuesday, February 10. We look forward to seeing you there.
