

ASME April, 2009 Meeting

Paxton & Vierling Steel
Omaha, NE

Tuesday, April 28th, 2009
5:30 PM

501 Ave. H
Carter Lake, IA 51510

For more than a century, Paxton & Vierling Steel, a division of Owen Industries, Inc., has been a part of the structural history of Omaha and Nebraska. Throughout the area, the girders and beams that support numerous buildings and bridges attest to this long relationship. Paxton & Vierling Steel played a pivotal role in erecting many of Omaha's landmark structures: the Ak-Sar-Ben Coliseum; the Union Pacific Corporation headquarters; the main branch of the United States Post Office in Omaha; the Zorinsky Federal Building; the Mutual of Omaha complex; the Woodmen Tower; and hundreds of highway and railroad bridges, including Abbott Drive bridge.

PVS has become one of the top steel fabricators in the United States, dedicated to meeting stringent production schedule requirements and setting industry standards for precision workmanship. PVS maintains large inventories of materials, uses advanced technology and equipment, streamlines logistics management, and operates its own fleet of trucks. As one of Owen Industries' divisions, its projects are supported by a network of steel service centers across the Midwest. The Omaha Facility supplies and fabricates structural steel components for customers worldwide.

Personal Protective Equipment IS REQUIRED: Please bring Hardhat and Safety Glasses if you own them. Long pants and sturdy boots or shoes are needed as well.

Followed by Dinner at the Upstream-Old Market. Additional meal details to follow to those who RSVP.

DIRECTIONS

From Abbott Drive, between Downtown Omaha and Eppley Airfield, head west on Avenue H. The PVS shop is at 5th Street and Avenue H in Carter Lake, IA (street names not to be confused with Omaha street names). Please park in the lot across Avenue H from the main office building, and then come into the front doors of the main office. For a map, go to: <http://www.pvsteel.com/map.asp>.

Registration Information

RSVP REQUIRED: Please contact Mike Carlson at 402-548-4807 or by e-mail at carlsonm@zhi.com. RSVP must include your full name and company/employer name. RSVP must be received no later than Monday, April 20th, 2009 at 5 PM.
